### CURRENT VIEWING: TROY BRAUNTUCH: FRIEDRICH PETZEL GALLERY

Submitted by **Wayne** on Fri, 2009-09-25 20:32.

#### Installation view of Troy Brauntuch

Its very au courant to discuss the ramifications of the work of "The Picture Generation" these days but one of its less ubiquitous practioners has a show at Fieddrich Petzel that is a must-see on the circuit right this minute. Hovering between a kind of private and confessional imagery and a public/mass-media body of work , Brauntuch creates pictures that are abstract, political, shadowed and indisputably beautiful in their ghostly luminescence. Although resolutely pictorial, the imagery goes past narrative into something more mythological.
